Award Description*

The State must provide 99% of funds to its sole CSBG eligible entity, First State Community Action Agency, which will carry out nine in-house expansions of existing programs, such as emergency assistance, credit counseling, after school and summer youth programs, an offender re-entry program, and adult culinary arts training. First State contracted two monitors to oversee 39 subcontracted projects with 34 non-profits that range from \$400,000 for a training and internship program to be carried out by Ministry of Caring to \$15,000 for an after school and summer program for middle school students to be carried out by Serviam Girls Academy. Logic models that include project budgets, services, outputs, and outcomes are required for each in-house and subcontracted project. Reports will be based on expectations detailed in those logic models. The State will use its 1% to help low-income people access benefits to which they may be entitled, which is inherent in the Division of State Service Center's mission.
